

Annual Benefits Enrollment: Preview of What's Changing for 2025

Annual Benefits Enrollment is coming up **November 4 through November 15**. Before you enroll, it's important to know that while most benefits and options are staying the same this year, there are some changes:

- Annual Enrollment is transitioning back to a passive enrollment. Passive enrollment automatically re-enrolls you in your current plan selections, with the exception of HSA and FSA elections.
- You may have noticed a name change. Going forward, your medical, dental, vision, and other benefits are being offered through the **Aon Benefit Experience (BenX)**. You will continue to enroll using **MyVeraltoBenefits.com** and the Aight Mobile app.

Here is a more detailed look at specific changes and considerations for 2025. Keep in mind that:

- Many insurance carriers are investing in specially designed programs to help you [feel your best](#); and
- Changes are continuously made to carrier networks, prescription drug formularies, and of course, how much you pay.

| What's New | Why It Matters |
|---|--|
| Your options could have changed. | You should enroll to make sure you get the coverage you want next year! Not only might your needs have changed, but other things could have changed too—including your options and prices, the network of doctors, and how your prescription drugs are covered. It's worth a close look, even if you choose exactly what you have today. And, to contribute to a Health Savings Account (HSA) (if eligible) or flexible spending account, you must make an active election. |
| Your cost of coverage has changed. | Because prices go up or down each year, your current coverage may not be your best deal next year. Carefully review your options and prices to find the right fit for you and your family. |
| Insurance carrier provider networks could have changed. | <p>Insurance carrier provider networks can change. Seeing out-of-network providers may cost you substantially more than seeing in-network providers. Always double-check the networks of each insurance carrier you're considering before making a decision.</p> <p>When it's time to enroll, see if providers critical to your care are in the network through MyVeraltoBenefits.com. You can access this information by clicking Find Doctors when you're selecting your medical plan. For the best results:</p> <ul style="list-style-type: none">• Search for your provider by name—not medical practice.• Check only the office location(s) you are willing to visit.• When searching for a facility, use the complete facility name and confirm whether the specialty of the facility is covered in-network. <p>Important! If you have any uncertainty (for instance, covering out-of-area dependents) or you need the network name, you need to call the insurance carrier.</p> |

What's New

Why It Matters

Medical and Prescription Drug

The **Bronze Plus** deductibles and out-of-pocket maximums will increase slightly.

The Bronze Plus in-network deductibles are increasing from \$2,450 to \$2,500 for individual coverage, and from \$4,900 to \$5,000 if you cover dependents. The out-of-pocket maximums are increasing from \$3,900 to \$4,500 for individual coverage, and from \$7,800 to \$9,000 if you cover dependents.

The **Silver** deductibles and out-of-pocket maximums will increase slightly.

The Silver in-network deductibles are increasing from \$1,600 to \$1,700 for individual coverage, and from \$3,200 to \$3,400 if you cover dependents. The out-of-pocket maximums are increasing from \$3,800 to \$4,250 for individual coverage, and from \$7,600 to \$8,500 if you cover dependents.

The **Gold** coinsurance will decrease slightly.

If you're covered under the Gold coverage level, your coinsurance for emergency room, inpatient, and outpatient services will decrease from 25% to 20%. Emergency room visits will still be subject to a \$150 copay before coinsurance.

How your medication is classified (and covered) could have changed.

Because your medical insurance carrier's pharmacy benefit manager **can** change how it covers prescription drugs at any time (such as changing coverage tiers), it's strongly recommended that you call CVS Caremark or the [insurance carrier](#) before you enroll to see how your medication will be covered in the new plan year.

Other medical benefits **may** have changed.

Medical insurance carriers may offer new or enhanced benefits for 2025. Additional coverage details will be available when you enroll, so be sure to review your options carefully.

Health Savings Account (HSA)

The IRS has updated the HSA contribution limits.

If eligible, for 2025, you can contribute up to \$4,300 if you cover just yourself or \$8,550 if you cover yourself and your family. If you're age 55 or older (or will turn 55 during the plan year), you can also make additional "catch-up" contributions to your HSA up to \$1,000.

Once logged on to **MyVeraltoBenefits.com** beginning November 4, look for the "Need Help?" icon to ask Lisa, your virtual assistant, any questions you may have. For additional support, you can schedule an appointment with a customer service representative through **MyVeraltoBenefits.com**.

This overview of 2025 changes serves as a Summary of Material Modifications (SMM), providing information on various Veralto benefit plan changes that take effect January 1, 2025. It is intended to provide an overview of changes and information about some of the benefits you may be eligible for through Veralto. If there is a discrepancy between the information displayed and the official plan documents, the official plan documents will govern.
